

# CST-700 SERIES

## CROWDER STACKING TRACK – ROOM DIVIDER

For light and medium duty folding partitions and stacking door systems. Hangers with axial bearings carry door and permit pivoting or cornering as required. Top mount track system with bottom guide channel available.

- Use with Extruded Aluminum **CST-700 Track**, 6063T5 Alloy
- Single center mounted hanger for pivoting/rotating applications up to 100lbs.
- Dual hanger systems for cornering and stacking partition and multiple door pocket systems (200lbs. per door)
- Bottom guide system is recommended. In the event that it is not an option, surface or flush bolts are required to stabilize the doors.
